

# Screen Wall CLOV

## Helping operators focus in a distraction free environment

The Screen Wall CLOV helps create a distraction free control room environment and boosts operator focus. A modular, flexible, stability tested and certified room divider and noise dampener designed for larger centrals and CCR with large open spaces.

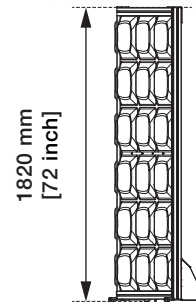

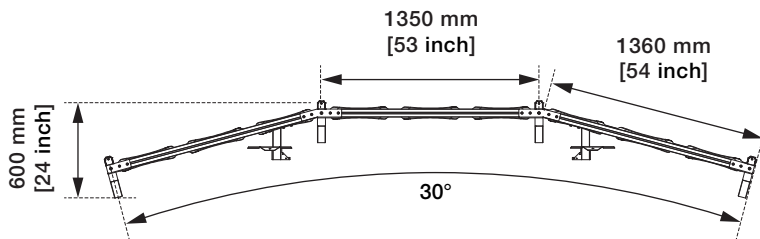

- Aluminum profile in RAL 9005
- Sound absorbing felt panels in Anthracite grey
- Certification, stability:  
European Standard EN 1023-3:2000  
ETL Norm 60-950

The Screen Wall is an add-on for both CLOV EOW-x and EOW-i.
